Campers are required to bring the following items: glove and helmet, bats are optional but please bring it if you have one. The camp will consist of hitting, pitching, fielding, and base running drills along with daily scrimmage games. We will be focusing on basic baseball skills. As in the past we will be breaking the kids up into smaller groups depending on their age and skill level. We do this in order to get them more individual attention and so we can focus on the drills that are appropriate for their age and skill level.

The staff will not be responsible for any stolen property. We suggest that you put a name on each item brought to the camp.
